Research Article FORMULATION AND EVALUATION OF

In social science research the first and. most important step of research is formulation. of research problems. It is like the foundation. of building which is going to construct, and. drafting an outline of a building is not an easy. task.

(PDF) Problem Formulation in Social Science Research

It condenses article content in a few words and captures readers'™ attention. A good title for a research article is the one which, on its own, is able to introduce the research work to the fullest extent, but in a concise manner. Writing scientific titles that are informative and attractive is a challenging task.

Formulating the Right Title for a Research Article

and finally it was concluded that the formulation F25 was the best and comparable with that of marketed product. Keywords: Etoricoxib, carbopol, hydroxyl propyl methyl cellulose, methyl cellulose, hydroxyl propyl cellulose, anti-inflammatory activity.
