Sodium triacetoxyborohydride is presented as a general reducing agent for the reductive amination of aldehydes and ketones. Procedures for using this mild and selective reagent have been developed for a wide variety of substrates. The scope of the reaction includes aliphatic acyclic and cyclic ketones, aliphatic and aromatic aldehydes, and primary and secondary amines including a variety of ...

Reductive Amination of Aldehydes and Ketones with Sodium

Business Process Management (BPM) research resulted in a plethora of methods, techniques, and tools to support the design, enactment, management, and analysis of operational business processes. This survey aims to structure these results and provide an overview of the state-of-the-art in BPM. In BPM the concept of a process model is fundamental.

Business Process Management: A Comprehensive Survey

Welcome to the first national meeting of the Swedish Chemical Society! The meeting brings together more than 450 persons from all directions of chemistry represented within the society and offers a program of top

plenary lectures, exciting specialized parallel sessions and plenty of room for interactions with meeting participants and exhibitors between scientific sessions.

in Lund, 17-20 June 2018 - 1st National Meeting of the

Introduction. Even though personalized oncology is widely perceived as an imminent reality, few anticancer drugs are currently prescribed based upon predictive biomarkers. Moreover, despite outstanding advances in molecular biology, the clinical development of most anticancer drugs is still based on conventional randomized studies that aim to detect statistically significant clinical benefits ...

Strategies to design clinical studies to identify

In signal processing and statistics, a window function (also known as an apodization function or tapering function) is a mathematical function that is zero-valued outside of some chosen interval, normally symmetric around the middle of the interval, usually near a maximum in the middle, and usually tapering away from the middle. Mathematically, when another function or waveform/data-sequence is ...

Window function - Wikipedia

At the most basic definition, "a key is a unique identifier", so unique key is a pleonasm. Keys that are within their originating entity are unique within that entity. Keys that migrate to another entity may or may not be unique, depending on the design and how they are used in the other table.

In the United States, one-quarter of Medicare spending occurs in the last 12 months of life, which is commonly seen as evidence of waste. Einav et al. used predictive modeling to reassess this interpretation. From detailed Medicare claims data, the extent to which spending is concentrated not just on those who die, but on those who are expected to die, can be estimated.

Predictive modeling of U.S. health care spending in late

Diabetic ketoacidosis (DKA) is a common endocrine emergency encountered in the emergency department. DKA associated mortality is relatively low in adults, but in children with type 1 diabetes, the elderly, and adults with concomitant illnesses have a mortality rate is > 5% (). Guidelines for the management of hyperglycemic crisis in adults provide recommendations for intravenous fluid ...
